Tel: (845) 457-4925 • Fax: (845) 457-4928

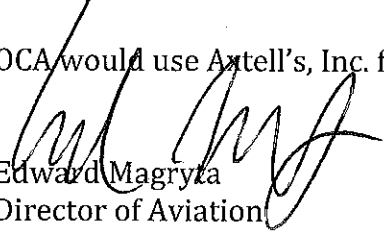

To whom it may concern:

This correspondence is being provided to reflect Orange County Airport's satisfaction with runway/ taxiway line striping work performed by Axtell's, Inc. in the years 2019 and 2020. Axtell's, Inc. has performed pavement marking on both of our runways and many of our taxiways.

Not only did Axtell's, Inc. finish their projects in an efficient and cost-effective manner, their attention to detail was also excellent and I was greatly pleased with the finished product they produced for our airport.

The project manager and his crew made sure that the needs of the owner regarding the standards of construction were satisfied. They adjusted to the airport's dynamic needs, resulting in several on-the-fly phasing changes to minimize our impacts to the airport customers and tenants.

OCA would use Axtell's, Inc. for future airport striping work.

  
Edward Magryta  
Director of Aviation  
Orange County Airport
