556 N. Airport Road
Murphysboro, IL 62966

Date: March 19th, 2020
To: Axtell's, Inc.
From: Assistant Airport Manager
Subject: Recent Airfield Marking Projects

SIAA would like to recognize Axtell's, Inc. and recommend them to the industry after completing recent airfield marking projects during our 2018 & 2019 calendar years. Axtell's administration and staff worked alongside SIAA airport operations & administration to get our most recent marking projects done on time and within budget. Most importantly all projects were completed without a single safety incident or accident.

Axtell's lead on-site manager, Robert—flawlessly followed the engineering plans, helped SIAA ensure FAA regulations were met and provided excellent guidance to his crews during long hours and trying conditions. We can easily recommend Axtell's Inc. and will continue to solicit bids from them on all our future airfield marking projects.

Thank you,

Patrick McDonald

Regards,

Patrick McDonald
